## FIREPLACE MANTELS

DaVinci Fireplace Mantels is a division of Design Plaster Mouldings. After being in business for 20 years, Design Plaster Mouldings expanded in 2010, creating the DaVinci Fireplace Mantels division. This allowed us to focus on and perfect our high end line of cast stone fireplace mantels.

Design Plaster Mouldings has been in operation in Toronto, Canada since 1990. Our business is to provide hands-on plaster & cast stone craftsmanship; our skilled trades people produce decorative plasterwork from drawings created by our experienced CAD operators. We provide an inventory of traditional designs, in addition to custom fabrication, from drawings and models to full-scale productions.

David Ryan, who immigrated to Toronto in 1988 from Dublin, Ireland began Design Plaster Mouldings in 1990. David is second-generation master craftsman in decorative plasterwork, having learned his skills from his father, Michael Ryan, who was known throughout Ireland for his excellence in his craft. David's son, Glenn Ryan, joined the family business in 2004. Learning his craft from a young age, Glenn has excelled in every aspect of the company business. We are proud to say that Glenn's skills and expertise will carry on the tradition of producing first class quality work with Design Plaster Mouldings.

To learn more about Design Plaster Mouldings and the work we do, please visit the Design Plaster Mouldings website, [www.designplastermouldings.com](http://www.designplastermouldings.com)

# Quality & Durability

## STRENGTH

We use a specially formulated compound of lightweight materials to get twice the strength. Our research has led us to produce a special compound of concrete. Our product is non-combustible. The composition of our product is engineered to resist calcination and cracking.

## TEXTURE

We use a unique pigmentation process to bring out the natural colouration of authentic stone. Not only does it look grand, but it also makes our fireplaces more resistant to any surface damage. Our colouration system resists UV radiation and discolourization, thus it will keep its colour and texture for years to come.

## DURABILITY

Our multi-stage production process builds in quality and durability at every level. Special stone penetrating sealers, applied in our process, give our products the capacity to resist staining.

DaVinci Fireplaces combine a centuries-old tradition with contemporary production techniques to make them truly one-of-a-kind masterpieces.

Choose from an array of designs, each with its own individual textures, colours and accents, to suit any décor. The look and feel of real stone without the weight makes installation quick, easy and cost effective.

To transform your fireplace into a work of art, contact us today.

Please note, mantels will be available 2 weeks from their order date.

Glenn Ryan Direct Line: 905 580-5973  
Office Fax: 905 693-8346

FIREPLACE MANTELS

# ANATOMY OF A FIREPLACE

## CROWN

The uppermost part of a fireplace, usually with decorative edging (the Crown is part of the overmantel kit).

PART NO. LC001 PAGE 52

## OVERMANTEL

A vertical slab of tiled masonry directly above the mantel shelf.

PART NO. ET001 PAGE 51

## MANTEL SHELF

The flat horizontal slab projects from the wall for displaying art pieces (the Mantel Shelf is part of the surround).

CHATEAU MANTEL PAGE 12

## HEADER

The area below the mantel shelf, usually with delicate carving on it (the Header is part of the surround).

## LEG

One of the two vertical columns on either side of the fireplace (the Leg is part of the surround).

## INTERNAL SURROUND

Beautifully tiled to compliment your fireplace surround.

PART NO. IS001 PAGE 50

## FIREBOX

Fireplace insert sold separately.

## HEARTH

The bottom portion of a fireplace that extends out into a room.

PART NO. H-2 PAGE 48

## COLOUR

Our mantels are made to order, as such, we can accomodate any colour request. Our most popular colours include: Niagara Limestone (NLS), Antique, Northern Grey & Savannah.

FIREPLACE MANTELS

Whether you choose DaVinci or your own contractor for installation please use this page to record important measurements and details which will help your designer and dealer order and install exactly what you require. If you are unsure about anything in this catalogue, we at DaVinci Fireplace Mantels are only a call away.

## NOTES

## DA VINCI FIREPLACE MANTELS - DESIGN PLASTER MOULDING INC. CONDITIONS OF SALE AGREEMENT

**ALL PRICING** is subject to all applicable taxes. All delivery costs are at the expense of the purchaser.

**TERMS** Payment in full, 30 days from date of invoice, where credit has been agreed upon.

**OVERDUE ACCOUNTS** will be charged 2% per month (24% per annum) on invoices over 30 days.

**INSTALLATION** It is strongly recommended that you hire a professional contractor that is competent with the installation of your cast stone product. Ensuring that sound pre-installation, installation and non-combustible construction methods have been employed is beyond the scope of our services and is strictly the responsibility of the purchaser. This product is designed for indoor use only.

**SHIPPING** DaVinci Fireplace Mantels deliver within the GTA. There is a \$50.00 charge per delivery or per skid. For further delivery information please contact DaVinci Fireplace Mantels. Customer is responsible for the inspection of goods upon receipt for damage or loss caused by the carrier. Claims for loss or damage must be filed by the purchaser directly with the carrier within 5 business days from receipt of goods.

**CUSTOM ORDERS** for special products must be prepaid prior to manufacturing. A copy of a complete drawing is required.

**VARIATIONS** Although cast stone is generally more consistent than natural stone, due to the nature of the raw materials some variation in surface texture, colour and veining are inherent in the product.
